**LAMBERTVILLE AREA EDUCATION FOUNDATION
Grant Application**

The purpose of the LAEF Grant Program is to expose students to new subject matter and/or new ways of learning and to encourage teaching methods that excite and strengthen a student's innate desire to learn. The LAEF likes to fund new projects or significant additions to on-going projects. We welcome proposals of all types, but especially those that:

- align with NJ Core Curriculum Standards;
- use innovative teaching methods/materials;
- involve two or more teachers, within or between grades/schools;
- take an interdisciplinary approach to learning;
- introduce new subjects, disciplines, or approaches to students; or
- involve partnerships between Lambertville Public School, West Amwell Elementary and South Hunterdon Regional High School.

The LAEF board meets on the second Tuesday of every month during the school year, and members need time before the meeting to process your application and perhaps confer with you if we need further information.. **Please submit your application prior to the 15th of the month if you want it to be considered at the next month's meeting.**
